

**Stanton Nuclear Security Fellows Program  
Fellowship Application  
Submission Deadline: February 6, 2012**

To the Applicant: Please complete and submit this online form as part of your application. In addition, the following material will be required:

1. Current curriculum vitae. (The CV should include information on educational and professional employment experience and should list all publications, papers, and presentations to professional societies.)
2. Two (2) letters of recommendation. (The [Recommendation Form](#) is available in PDF format. Please download and print two copies, complete your section at the top of the page, and forward to your recommenders, along with a return envelope addressed to you. Please instruct your recommenders to complete the form, enclose it in the accompanying envelope, sign their name across the envelop flap, and mail it back to you.)
3. Personal statement. (This statement should include long-term career goals. The statement should not exceed **250 words**.)
4. Project proposal. (This proposal should include details on the proposal topic, methodology, assumptions, potential findings, and likely policy recommendations. The proposal should not exceed **500 words**.)

Please submit all these supporting materials to the address below:
