
TABLES

S.1. Program Effectiveness and Cost Parameters	xiii
1. Annual Program Costs	20
2. Program Effectiveness and Targeting Ratio	21
3. Cost-Effectiveness of Early Interventions After 30 Years	25
4. Total Benefits and Costs from Program Alternatives at Full Scale Across California	29
5. Sensitivity of Assumptions—Threshold Parameter Values Beyond Which Three Strikes Is More Cost- Effective Than Early Intervention	32
A.1. Home Visits and Day Care	44
A.2. Parent Training	45
A.3. Graduation Incentives	46
A.4. Delinquent Supervision	46
B.1. Assumptions in the Analysis of Early-Intervention Programs	48
B.2. Targeting Ratio for Graduation-Incentives Program . .	48
B.3. Serious Crime Prevented per Million Program Dollars	49
B.4. Criminal Justice System (CJS) Cost Savings (\$ 000) per Million Program Dollars	49
B.5. Characteristics of a Full-Scale Program for an Annual Cohort: California	49
B.6. Index Crimes (000/year): California	50
B.7. Offender Status of Persons in Annual Cohort: California	51
B.8. Characteristics of Criminal Careers: California	51
B.9. Crime Rates by Treatment Group	52

B.10.	Serious Crimes Prevented per Person Treated	52
B.11.	Discounted Program Cost per Participant	53
B.12.	Discounted Serious Crimes Prevented per Participant	54
B.13.	Serious Crimes Prevented per Million Program Dollars	55
B.14.	Adult Criminal Justice System Sanctions per Criminal Career: California	56
B.15.	Adult Criminal Justice System Costs per Criminal Career	57
B.16.	Adult Criminal-Justice System Cost Savings per Million Program Dollars	58
B.17.	Characteristics of Full-Scale Program for an Annual Cohort: California	60
B.18.	Serious Crime in California: Annual Average (000), 1994-2018	61
