THE KEY DRIVERS OF INTERNATIONAL MOBILITY ARE PROFESSIONAL BUT VARY BY CAREER STAGE

Professional opportunities encourage mobility:

- **Training**
- **Jobs**
- **Research environment**

Professional motivations are more important than personal drivers in mobility of researchers overall.

Early career researchers are driven by opportunities to **advance their career and develop their skills**

Personal factors are more important to more senior researchers alongside research autonomy and research culture.

The RAND Corporation is a nonprofit institution that helps improve policy and decisionmaking through research and analysis.
