PREFACE

This report documents the survey instrument used to assess the extent of pesticide use during the Gulf War and the letter and other advance materials sent out to potential participants. RAND's analysis of the data collected through the survey is reported in *Pesticide Use During the Gulf War: A Survey of Gulf War Veterans* (MR-1018/12-OSD, 2000).

This research was sponsored by the Office of the Special Assistant for Gulf War illnesses and was carried out jointly by RAND Health's Center for Military Health Policy Research and the Forces and Resources Policy Center of the National Defense Research Institute (NDRI). NDRI is a federally funded research and development center sponsored by the Office of the Secretary of Defense, the Joint Staff, the unified commands, and the defense agencies.

Dear «prefix»«last»:

I am writing to ask you to participate in an important nationwide telephone survey of Gulf War veterans. Only you can provide the first-hand knowledge that we need for this important survey. The goal of the survey is to gather information about the use of various forms of pesticides during the Gulf War deployment.

Participation is voluntary, but I hope that you will decide to complete this 30 minute telephone interview. This is your opportunity to contribute to the Department of Defense's review of pest control problems and procedures in the Persian Gulf. This survey will provide valuable information that the Department of Defense will combine with other data to assess levels of pesticide exposure during the Gulf War.

The telephone survey is being conducted by RAND, a non-profit research center in Santa Monica, California that is under contract to the Department of Defense. An interviewer from RAND will call you in the next few weeks to make an appointment to interview you over the phone. The interview can be conducted at whatever time is convenient for you – during the day, in the evening, or on the weekend.

The survey will be conducted with strict confidentiality. Only aggregated information will be provided to DoD. Data linking individuals with their responses will not be released and will be purged upon completion of the survey.

The enclosed brochure, Survey of Pest Control Problems and Pesticide Use During the Gulf War, tells you more about the survey. We've also enclosed a map of the Persian Gulf area and a calendar with key events. Prior to your interview, we'd like you to review this material and fill out the enclosed Gulf War Service Fact Sheet. By filling out the fact sheet prior to the interview, you will help reduce the time it will take to complete the survey. Thank you for your help in this important survey.

Sincerely,

Dr. Bernard Rostker
Special Assistant for Gulf War Illnesses

PRIVACY ACT NOTICE: Authority: Title 10 U.S.C. § 131, § 136, and §2358, and E.O. 9397.

Principal Purpose: To gather information about the use of various forms of pesticides on shore during the Gulf War deployment.

Routine Uses: Aggregate survey data, without personal identifiers, may be provided to the Department of Veterans Affairs, the Department of Health and Human Services, and the Environmental Protection Agency to permit investigative, scientific, medical, and other analyses regarding Gulf War illnesses and to the Presidential Special Oversight Board for purposes of carrying out those functions as set forth in Executive Order 13075 or such further Order as directed by the President.

Disclosure: Voluntary. Not providing information will have no effect on any right or benefit of the individual.

AGENCY DISCLOSURE NOTICE: The public reporting burden for this collection of information is estimated to average 30-45 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to Department of Defense, Washington Headquarters Services, Directorate for Information Operations and Reports (OMB 0704-04-06, expiration September 30, 2000), 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to any penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.

**Survey of Pest Control Problems
and Pesticide Use During the Gulf War**

BACKGROUND BROCHURE

RAND, P.O. Box 2138, Santa Monica, CA 90407-2138

OMB 0704-04-06, Expiration September 30, 2000
RCS DD-SD(OT) 2066

WHAT IS THE PURPOSE OF THE TELEPHONE SURVEY?

This survey will help the Department of Defense to better understand both how widespread the pest control problems were in the Persian Gulf, and to identify the pesticides that you and others used to kill or control bugs, rats, and other pests while you were there.

WHO IS TAKING PART IN THE STUDY?

We are asking a random sample of about 3,000 officers and enlisted personnel who served in Saudi Arabia, Kuwait, Iraq, Oman, Bahrain, Qatar, or the United Arab Emirates (UAE) as part of Operation Desert Shield or Desert Storm to participate.

Our sample includes veterans who served in the Persian Gulf, regardless of whether they are currently on active duty, in the Reserves or National Guard, retired from the military, or separated.

WHY IS THIS SURVEY IMPORTANT?

The survey results will help the Department of Defense to evaluate the effectiveness of the pest control procedures that were in place in the Persian Gulf. It's important for you to take part in this survey, regardless of whether you personally used pesticides or experienced problems with bugs, rats, or other pests in the Gulf. The goal of this survey is to document the extent of pest problems and pesticide use in different locations in the Persian Gulf.

This survey is the largest and most comprehensive independent evaluation of pesticide use in the Persian Gulf ever undertaken. It will provide critical information that the Department of Defense will combine with other data to assess levels of pesticide exposure in the Persian Gulf.

WHO IS DOING THE SURVEY?

The survey is sponsored by the Special Assistant to the Deputy Secretary of Defense for Gulf War Illnesses. RAND, a non-profit civilian research center in Santa Monica, California, will be administering and analyzing the survey.

HOW WAS I CHOSEN?

You were selected at random to represent a larger group of soldiers, sailors, airmen, and Marines who served in the Persian Gulf between August 1990 and July 1991.

HOW MUCH TIME WILL THE SURVEY TAKE?

The survey takes about 30 minutes to complete over the telephone.

WHAT KINDS OF QUESTIONS WILL I BE ASKED?

The survey is divided into three parts.

Part 1 asks a few general questions about your Gulf War service, including your arrival and departure dates; your unit assignments and locations; the type of quarters where you lived, ate, and worked; and whether you took PB pills to protect yourself against nerve gas agents.

Part 2 focuses on your experiences during a selected month in the Gulf. This includes:

- * problems you had with bugs, rats, and other pests in the areas where you lived, ate, and worked in the Gulf;
- * the types of pesticides (sprays, powders, lotions, creams, liquids, flea or tick collars, pellets, crystals, and so forth) that you or others may have used to kill or control pests; and
- * when and how you and others used different forms of pesticides.

Part 3 asks a few general background questions about yourself.

WHEN WILL THE PHONE SURVEY TAKE PLACE?

The surveys will be conducted between May 1999 and August 1999. A RAND interviewer will contact you soon to schedule a convenient time to conduct the interview. Or you can call the RAND toll free number to schedule an appointment: 800-255-6935

WILL MY SURVEY RESULTS BE KEPT PRIVATE?

Yes. RAND will keep your answers strictly confidential. In presenting results from this survey, your answers will be combined with answers from other Gulf War veterans and reported only as aggregated statistics. We may also combine your survey responses with information provided to us by the Department of Defense from your administrative files, such as your Gulf War service dates, your duty assignments, your military occupational specialty and so forth. RAND will not release survey data that could identify you to anyone in your service, the Department of Defense, or anyone else, except as required by law.

This survey is completely voluntary. There is no penalty if you choose not to respond. However, RAND and the Department of Defense would like to strongly encourage you to participate. If you prefer not to answer a specific question for any reason, just tell the interviewer and the interviewer will go on to the next question.

WHO CAN ANSWER ANY FURTHER QUESTIONS I HAVE ABOUT THE SURVEY?

If you have any questions about the *survey*, feel free to contact Sarah Cotton, RAND Survey Coordinator at the RAND toll free number: 800-255-6935.

WHO CAN ANSWER ANY FURTHER QUESTIONS I HAVE ABOUT MY GULF WAR SERVICE AND MILITARY BENEFITS?

If you have questions about your *Gulf War service or military benefits*, the RAND interviewer will make arrangements for you to talk directly with one of the Defense Department Contact Managers who will be happy to assist you.

intr. You should have received a letter from the Department of Defense that invited you to take part in the Telephone Survey of Pest Control Problems and Pesticide Use in the Gulf War.

Did you receive the letter and brochure that we mailed you?

(Mark One)

- 1 YES ✿ GO TO QUESTION 2B
- 0 NO ✿ CONTINUE WITH QUESTION 2A

Q2A. I'm sorry that you haven't received the letter. We mailed the letter to (ADDRESS), (CITY, STATE, ZIP).

Is that your correct mailing address?

(Mark One)

- 1 YES Apparently the letter has been delayed in the mail, but let me briefly tell you what it says.
- 0 NO I will get your correct address later, but let me briefly tell you what the letter says.

Q2B. (As you know from the materials we sent you), the Department of Defense has asked RAND to conduct a nationwide telephone survey of Gulf War veterans. The purpose of the survey is to gather information about the use of various forms of pesticides in the Persian Gulf. The survey asks about problems you may have had with pests in the Persian Gulf, and the pesticides that you or others used to kill or control bugs, rats, and other pests. We would like you to help us today by participating in a 30 minute phone interview. The interview is voluntary and confidential.

The survey has been approved by the Department of Defense and the Office of Management and Budget (OMB). The Department of Defense will combine the survey results with other data to assess levels of pesticide exposure in the Persian Gulf. I am required by law to tell you that the OMB approval number for this survey is (0704-04-06) which expires on (September 30, 2000).

Q2Ba. Would you like me to read you the Privacy Act Notice that gives more information about the purpose of the survey and how the findings will be used?

(Mark One)

- 1 YES GO TO QUESTION 2C
- 0 NO GO TO 2D

Q2C. IF THE RESPONDENT ASKS, READ THE FOLLOWING FOUR SECTIONS OF THE PRIVACY ACT STATEMENT ALOUD. (Q2Ba = YES).

AUTHORITY: This survey is being conducted under the authority of the United States Code 10, Sections 136 and 2358.

The survey will be conducted with strict confidentiality. Only aggregated information will be provided to DoD. Data linking individuals with their responses will not be released and will be purged upon completion of the study.

PURPOSE: The information collected in the telephone survey will be used by the Department of Defense to better understand which Gulf War units and veterans had pest control problems; the types of pesticides used to kill or control bugs, rats, and other pests to prevent them from bothering or harming US troops; and when and how these pesticides were used by US troops and others. The survey results will be provided to the Special Assistant to the Secretary of Defense for Gulf War Illnesses, and they will be used in reports and testimony provided to Congress. Some results may be published by RAND, professional journals, or reported in manuscripts presented at conferences, symposia, and scientific meetings.

Q2Ca. **DISCLOSURES:** Your participation in the survey is voluntary. There is no penalty if you choose not to respond. However, since only a sample of Gulf War veterans are being asked to take part in this survey,

we hope that you will respond. We will use the information you give us for research purposes only. We will protect the confidentiality of this information, and will not disclose information that identifies your answers to anyone outside of the research project, *except as required by law*. We will not identify you by name in any reports we write. We will destroy all information that identifies you at the end of the study.

ROUTINE USES: Aggregate survey data, without personal identifiers, may be provided to the Department of Veterans Affairs, the Department of Health and Human Services, and the Environmental Protection Agency to permit investigative, scientific, medical, and other analyses regarding Gulf War illnesses and to the Presidential Special Oversight Board for purposes of carrying out those functions as set forth in Executive Order 13075 or such further Order as directed by the President.

*MODULE 2:
ONE MONTH IN THE PERSIAN GULF*

FOR MAIN STUDY, CATI WILL RANDOMLY SELECT ONE MONTH USING THE SAMPLING ALGORITHM PROVIDED BY THE RAND STATISTICIAN. THE DATA PROVIDED IN QUESTION 7 WILL BE USED TO RANDOMLY SELECT ONE MONTH TO DISCUSS FOR THE REMAINDER OF THE PESTICIDE QUESTIONS.

Q10. I would like to ask you about your experiences during one month that you were in the Gulf. We will be focusing on only one month during your tour in order to get the most detailed information we can without making the survey too long for any one person. The month is chosen at random for each veteran. We will be combining all veterans' responses in the end to get a detailed picture of the entire war from start to finish.

My computer will choose one month at random from all the months you were on the ground in the Gulf. It has chosen [RANDOM MONTH OR FIRST/LAST 30 DAYS OF TOUR].

Q11. Please take a minute to visualize where you were staying in the Gulf in [RANDOM MONTH OR FIRST/LAST 30 DAYS OF TOUR]. PAUSE. Think also about any particular details that happened during that time.

Are you able to remember where you were staying during [RANDOM MONTH OR FIRST/LAST 30 DAYS OF TOUR]?

PROBES, IF NECESSARY:

- Think about special events that might have occurred during this particular month. This could be events during the war, or personal things like your child's birthdate, a holiday, or some other special occasion that stands out in your mind.
- Would you like me to read you a couple of key events that occurred during [RANDOM MONTH OR FIRST/LAST 30 DAYS OF TOUR]? This might help you remember where you were at that time. IF YES: READ KEY EVENTS FROM GULF WAR TIMELINE.
- Did this help you to remember what you were doing in [RANDOM MONTH OR FIRST/LAST 30 DAYS OF TOUR]?

(Mark One)

1 YES GO TO Q12

0 NO ASK Q11A

Q11A. Since you can't recall what you were doing this exact time period, do you remember where you lived and worked close to [RANDOM MONTH OR FIRST/LAST 30 DAYS OF TOUR]?

CATI CHECK:

IF RESPONDENT MENTIONED 1 OR MORE PESTS IN QUESTION 22, READ Q23A.

IF RESPONDENT DID NOT MENTION ANY PESTS IN QUESTION 22, READ Q23B.

Q23A. These next questions are about pesticides that you or others might have used to kill or control pests in the areas where you slept, ate, or worked during [RANDOM MONTH, FIRST/LAST 30 DAYS OF TOUR, OR START TO END DATES IN Q11A]. GO TO Q23C.

Q23B. I know you said that there weren't any pests in the areas where you stayed during [RANDOM MONTH, FIRST/LAST 30 DAYS OF TOUR, OR START TO END DATES IN Q11A], but I have a few questions about pesticides. Perhaps one reason pests weren't a problem could be that pesticides did a good job of getting rid of them.

As you answer the next group of questions, please think about pesticides you or others might have used in the areas where you slept, ate, or worked during [RANDOM MONTH, FIRST/LAST 30 DAYS OF TOUR, OR START TO END DATES IN Q11A]. CONTINUE WITH Q23C.

Q23C. As you probably know, pesticides come in many different forms, and are used in a variety of ways to kill or control pests. Some of these products are used directly on your body or uniform. Others are placed in containers in or around places where you sleep, eat, or work.

First I'll ask you about pesticides that you might have used on your body or uniform. Then I'll ask you about other pesticides that you and others may have used.

PESTICIDES USED ON BODY OR UNIFORM

Q24. During [RANDOM MONTH, FIRST/LAST 30 DAYS OF TOUR, OR START TO END DATES IN Q11A], did you personally use any type of pesticide [READ ITEM] on your body or uniform?
