TIME THIS SECTION BEGINS RECORDED HERE
TSST13A

CHECK CD4 COUNT B5A, MODULE 3 AND AIDS DIAGNOSIS C5, MODULE 3.

RESPONDENT IS AT EARLY STAGE (B5A, MODULE 3 > 200 AND
C5, MODULE 3 = 2) 1 → CONTINUE

RESPONDENT IS AT LATER STAGE (B5A, MODULE 3 < 200 OR
C5, MODULE 3 = 1) 2 → SKIP TO SECTION B

Section A: Knowledge for Early Stage Cases

VERSION A: *EARLY STAGE RESPONDENTS (CD4 > 200, NO AIDS DIAGNOSIS)*

Now I'd like to ask you about some health problems that people sometimes get. For each problem, I'd like to know what you would do about getting medical attention if you had this problem:

A1. First, suppose you had a headache with pressure behind your eyes and nose. What would you do? (SHOW CARD #49) Would you:

B13A01

(Circle One)

- Go to the emergency room, 1
- Go to the doctor's office or speak to the doctor the same day, 2
- Schedule a special appointment, 3
- Wait until the next scheduled appointment, 4
- Give it a chance to get better before seeing a doctor, or 5
- Something else? 6

A2. Suppose you developed a whitish, painless coating of the tongue, throat, or inside of your cheeks. Would you:

B13A02

(Circle One)

- Go to the emergency room, 1
- Go to the doctor's office or speak to the doctor the same day, 2
- Schedule a special appointment, 3
- Wait until the next scheduled appointment, 4
- Give it a chance to get better before seeing a doctor, or 5
- Something else? 6

A3. Suppose you began to have difficulty breathing and had a cough with fever. Would you:

B13A03

(Circle One)

- Go to the emergency room, 1
- Go to the doctor's office or speak to the doctor the same day, 2
- Schedule a special appointment, 3
- Wait until the next scheduled appointment, 4
- Give it a chance to get better before seeing a doctor, or 5
- Something else? 6
